Is it possible to turn on or off GPS100 NMEA 2000 transmitted messages (or PGNs)?

164 Mark Oslund July 16, 2015 DSM250 (Discontinued), DSM410, GPS100(Discontinued) 0 6.23K

Yes, it is possible to turn on and off the GPS100 transmitted messages (or PGNs) using Maretron's DSM150, DSM200, or DSM250 display. On the display:

enter menu mode, scroll to "Configuration..." and press

Scroll to "Device Configuration..." and press

Scroll to the row containing the GPS100 and press

Scroll to "NMEA 2000 PGN Enable/Disable..." and press

You will see a list of PGNs that the GPS100 transmits.

Scroll to the PGN that you want to turn on or off and press

Use the up or down arrow keys to choose On or Off and press
