How do I reset the WSO100 to send the factory default messages (or PGNs)?

44 Mark Oslund July 13, 2015 WSO100 (Discontinued) 0 5.58K

You reset the WSO100 to transmit the factory default messages using Maretron's DSM150 or DSM250 display in the following way:

1. Enter menu mode, scroll to "Configuration…" and press
2. Scroll to "Device Configuration…" and press
3. Scroll to the row containing the WSO100 and press
4. Scroll to "Reset Factory Defaults" and press twice.

Beware that resetting factory defaults resets all settings back to factory defaults, not just the transmitted messages.
