What type of solderless connector is ideal for connecting sensor wire to Maretron multi-channel products?

538 Mark Oslund July 28, 2015 ACM100, DCM100, DCR100, FFM100 , FPM100, FPM100, RIM100, SIM100, TMP100 0 11.51K

A #4 Nylon Double-Crimp Insulated Ring Terminal(P/N:WT-651045) is the ideal choice when connecting sensor wire to any of Maretron's multi channel devices.

The following link provides a great color selection to choose from:
