Which touch screen drivers work with the MBB100 and MBB200C?

592 Mark Oslund July 31, 2015 MBB100(Discontinued) 0 4.58K

Touchscreen Drivers that the MBB100 and MBB200C will support are:

- **eGalax** NavPixel Screens
- **3M** 3M Microtouch
- **ELO** ELO Touch Systems
- **TSharc** Hampshire TSharc drivers

Upon connecting your touch screen to the MBB100 or MBB200C, select the "Commands & Settings" tab, select "Configuration", then select "Calibrate Touch Screen". Follow the prompts to complete touch screen calibration.
